

AMSIB - International Business

BACHELOR'S DEGREE PROGRAMME FULL-TIME 2024-2025

Are you curious to know how a sustainable business operates and succeeds internationally? Do you enjoy working with people from around the world, and speaking in English? This programme is designed for students who want a hands-on business degree and a global career.

THE PROGRAMME

International Business (IB) is a four-year, full-time bachelor degree programme taught entirely in English. Personalise your studies by choosing (language) electives, a major and the company you want to work for during your internship and thesis. This degree programme also combines lectures, theory, business cases, interaction with business professionals, and a semester studying abroad. We will prepare you with soft and hard skills to find a job upon graduation. Should you wish to deepen your knowledge, complete a master study with us or abroad.

STUDYING AT AMSIB

You will be studying at the Business Campus in Amsterdam Southeast, a culturally diverse neighbourhood home to various multinational companies. Experience our university and our green initiatives located across the vibrant city of Amsterdam.

"I remember how the variation of first-year subjects was my favourite part because I got to learn about all the different aspects of business management, especially the international angle."

Peggy, AMSIB alumna
